Ken Bryant (<http://www.kenbryant.net/2.html>) /Bryant Enterprises, LLC (<http://www.firstresponderupply.com/>) / D/B/A North Georgia Communications (<https://northgeorgiacommunications.com/>) / DMR on Cloud (<https://dmroncloud.com/>) hit me up on facebook messenger recently. He's also known as K1DMR (<https://wireless2.fcc.gov/UlsApp/UlsSearch/license.jsp?licKey=3653425>), Ken Lawrence Bryant, K. Lawrence Bryant, Kenneth Lawrence Bryant.

Note the only interactions I've had with him was inquiring about the [Motorola ION](https://www.motorolasolutions.com/en_us/products/two-way-radios/mototrbo/portable-radios/motrbo-ion-radio.html) (https://www.motorolasolutions.com/en_us/products/two-way-radios/mototrbo/portable-radios/motrbo-ion-radio.html) radio, which was overpriced from him and required me to use his radiocentral agency; I wanted my own agency so that I would have control over it. The other time was inquiring about his WAVE product, where he wouldn't discuss it unless via phone and provided no details on it, nor pricing.

I just assumed he was a bad salesman or at worst a guy trying to bottom feed in the amateur market since he can't hack it in the commercial market. Let's be honest, hams are a hard market to serve and no dealer is going to make much money selling one or two radios.

Fast Forward till June 4, 2022 and he sends me some messages about defaming him on some forum. He claims this harassment has "gotten to a point where it might affect your career."

- **"I have paid you sales commissions and you have purchased from me going back several years"** - nope
- **"I am a Motorola channel partner, I own a Motorola dealership"** - rofl, like that's some big thing, sure ken
- **"I have plenty of canceled checks and invoices to you if you even scroll up in your own threads right here you will see previous messages about business transactions"** - nope, see below.

So Ken Bryant may be insane, and at least epitomizes the "Boomer Ham". He's got a poor grasp on technology and an even poorer grasp on human interaction. I suspect this is why I saw nothing on his WAVE solution as he can't code it, and lacks the technical prowess to hire it out.

Looks like he's an admitted whacker, radio pirate and former convicted felon too!

Wtf are you talking about?

I don't know you at all

Please scroll up and look at the earlier messages we have done business before.

Please scroll up and look at the earlier messages we have done business before.

I've never done business with you

There is this site where allegedly you posted a bunch of stuff called fuckhams.com

Fuck Hams

Yes you have I have paid you sales commissions and you have purchased from me going back several years

What exactly do you have an issue with?

I just sent you the website where the posts were

It's a website

What specifically are you referring to?

You've paid me? For what services?

As far as I'm concerned it is defamation others have other concerns.

Again, I'm asking what specifically you're referring to

You're just some ham from Facebook afik

I'm talking about the defamation that occurred to me and

I'm talking about the defamation that occurred to me and my business that apparently was posted by you on that website

AfaiK

I am a Motorola channel partner

I own a Motorola dealership

Dude, show me, you sent a link to a website. That's like posting qrz.com

Do you have any proof of this? I would love to see a check or invoice from myself to you

Sure, I have plenty of canceled checks and invoices to you if you even scroll up in your own threads right here you will see previous messages about business transactions

I don't see anything

Just scroll up

There's nothing there

There's nothing there

Last time we communicated was February 25th

So send me some

Yes I'll email it to you, I find it kind of hard to believe you don't know who I am

Did you not post the above?

Nope

Okay a couple people are saying that you did but we'll track it back

I want to see what business you say you've done with me

Man if you can remember I don't know what to tell you

I think you're full of shit

And lying

Seems like a simple request

Since you're claiming to have paid me

Someone asks me for that proof, i can provide it as an Invoice/PO or canceled

Like simple shit

So put up, or quit running your channel partner mouth about it

Well maybe you or somebody else the same name. If you didn't publish that or have anything to the website then you've got nothing to worry about.

There's no reason to start cussing and using foul language

I'm driving a car at the moment if you don't mind

You are the one who said to scroll up, meaning that you know this is the right person, and that you are saying the proof is in the chat

I don't see it

Again as I said I'm driving a car if it's in my history I don't know why it's not in yours I can obviously screenshot it and send it to you when I get a chance send me your email I'll be happy to send it to you

So if you've got a cancel check, or invoice, show me some proof

Again as I said I will check my records it might be another person with your same name

Please send me what "proof" you have when your parked.

You're just some random boomer ham running his mouth otherwise

The Brian Fields that I know and have done business with used to work for bearcom in Texas, so again maybe it's somebody with the same name

↓
en, if it's in the chat, you can see it

Ken, if it's in the chat, you can see it

I can't

It's either there or it's not

Here is one of the screenshots in my history from you

You replied to Ken

There's no reason to start cussing and using foul language

Calling a spade a spade isn't foul language

You replied to Ken

Yep, same top of the chat i see

I just sent you proof from your own message profile that you are messaging me in January 2021 so who is the Spade

👍 ↩️ ⋮

It's not there

You just repeatedly told me that you never saw any prior messages from me in the message history

That screenshot is not something I can make up in a second it clearly came from your profile

And interestingly enough the defamation post on that website was regarding the same topic and use the same wording.

No, i asked for proof that we've done business

You said youve paid me

I have said for a third time that you might be somebody with the same name that I have done business with

So show me the proof

I'm not going to share business documents with somebody who's not the individual they relate to if you have an email address or want to identify yourself somehow then I'll be happy to show them to you if it does relate to you

I don't have to prove anything or show anything to you you're the one that committed the defamation and now you've admitted to it in writing that's all I need have a good night.

Lol, you're insanely

Can I ask why you are mentioning me in a post that has nothing to do with me?

Apr 4, 2022, 2:17 AM

It was either you or Patrick. You won on a dice roll. As for the 5 gazillion mentions... that's on you buddy

Apr 4, 2022, 3:27 AM

Do you have an attorney?

It might be funny to you all but there was clear defamation.

I was mentioned a total of 3x and you personally were the one who started the thread.

Sorry Ken. We really had a nice conversation going. But sadly I have other things to deal with in life than somebody who get butt hurt over an obvious shit post. In any case here's a gram cracker strapped to a quantar that cheer you up.

That has nothing to do with me. How about if someone trashed you on a post. I wonder if it would be just as funny? You should have your attorney contact me prior to the notice being sent. I can be reached on 828-389-5000.

to the notice being sent. I can be reached on 828-389-5000.

Oh 100% welcome to the internet ken. I've had folks trash me on a post. Happens quite often. Getting but hurt off the fact that someone pointed out something everyone already knew in a comedic manner isn't exactly something most folks would threaten an attorney for.... but hey. Just proves my point. I'll give you a call in a bit

Doesn't matter how funny anybody thought it was, I have a business and the damage was done. I will not be into the office until 9am.

Oh this is rich. Also, you'd be better off doing this on a comments section... I have an open door policy about idiots in my DMs

But in any case. I'll give you 3 gram crackers for you to chill out and take some criticism for once.

I am willing to up that for 4

Also food for thought. What's gonna do more harm for your business. There's no superior one Facebook post and that received barely any likes. Or taking somebody to court because of said Facebook post.

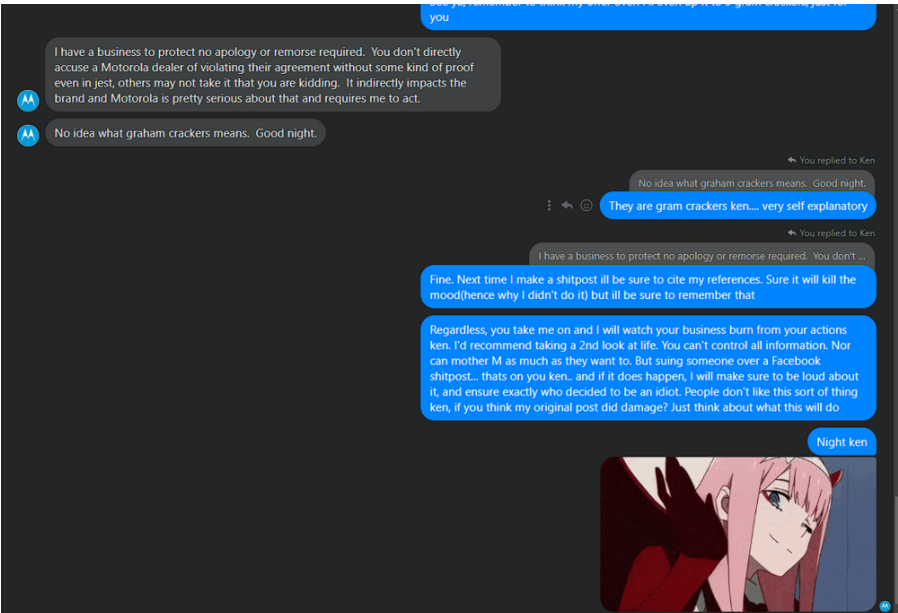

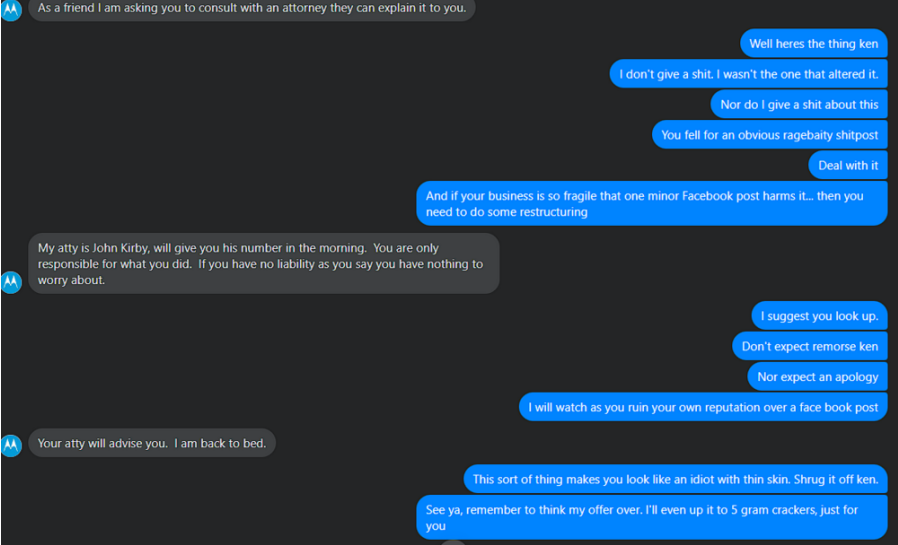

I hope you know in the event I do get sued over obvious BS like this period in which I know I'll win any either way. Regardless of if the court finds me guilty you're not. I do not intend to settle.

Sure you'll get money from me. But I'll laugh the whole way as your business slowly crumbles.

I have no idea what you are talking about, I am talking to the admins and Facebook, you were not the worst offender, the other guy altered a screenshot of a Motorola trademarked website and now Motorola is involved.

Oh come on Kenny. Do you not read your own messages? And oh no... someone used inspect element! Oh wait... fair use is a thing? Odd...

My offer still stands. 3 gram crackers

For context, this was in response to what we in the business call a "Shitpost (<https://www.urbandictionary.com/define.php?term=Shitpost>)" that could be found [here](https://facebook.com/groups/1544491192475817/permalink/3122094558048798/) (<https://facebook.com/groups/1544491192475817/permalink/3122094558048798/>) where the only references the involved made to Ken were some quips about ken selling "quality" radios", and "deserves the honest dealer of the year award"

Further Research

After some other people reached out regarding disturbing comments regarding [Ken Bryant](#), I did a bit of digging in his background. Ken claims to have several degrees, and multiple graduate level degrees as well on his [QRZ page](https://www.qrz.com/db/K1DMR) (<https://www.qrz.com/db/K1DMR>)^[1]. What's curious is the voice moving from first person to third and back again in this. I then saw his notice

"Presidential Staff member for planning and logistics to the White House Advance during the Reagan, Bush and Clinton Administrations"

"I possess a Master of Science Degree in Criminal Justice, **summa cum laude**"

The staff member during the Regan - Clinton administrations would mean he worked at some point from 1981-2001 for the white house for 14 years. I thought Ken was in his late 40's or early 50's, so this would mean he was very young, even if we take the last year of Regan (1989) to the first year of Clinton (1993) to be working in such a position. It's not impossible.

Note that in most colleges in the US and Europe summa cum laude/Latin honors are only awarded to under graduate degrees (https://en.wikipedia.org/wiki/Latin_honors#Distinctions). ~~This doesn't mean it's not true, I can be wrong.~~ See below.

Update 2022-06-13, I reached out to the Sr. Program Coordinator of the Department of Criminology & Criminal Justice at FIU (<https://ccj.fiu.edu/>). He responded:

Hi Bryan,

I just checked the transcripts of a few of my students who have graduated with their Masters in Criminal Justice degrees and their degrees are not posted with Latin Honors. Their Bachelors degrees are.

This means at minimum that Ken doesn't have Latin honors on his "masters degree" and perhaps lacks the degree all together.

The wording of this landed me to his link to <http://amlcft.com/about/> (<https://web.archive.org/web/20150221211337/http://amlcft.com:80/about/>) which is a business he purported to run for anti-money laundering consulting. On this page, there were document numbers for name registrations with the Florida Dept. of State, aka sunbiz.org. [GO2107900163^{\[2\]}](https://www.sunbiz.org) found him to be using the name "K. Lawrence Bryant" circa 1999.

As Ken has stated he is "Former Federal Agent, U.S. Department of the Treasury" it's likely he will be in PACER (<https://pacer.uscourts.gov/>). All federal agents will be giving testimony or writing other things that show up in the courts, and one would expect him to have done so. The only thing I would find was a criminal case 4-726-Cr-EATON. This seemed strange, but there was no info in PACER for this. We're lucky that at one time PACER was almost indexed by Aaron Swartz (https://en.wikipedia.org/wiki/Aaron_Swartz#PACER), and his archive has these important documents. I'd encourage you to read more about Aaron if you've never heard of him.

As it turns out, at age 20/21 Ken was impersonating a federal agent what would have been his junior or senior year of his under grad at FIU!

This is all starting to make sense. Why would a person who's an expert in anti-money laundering ask for hams to pay him in violation of PayPal and bank policies?

I was concerned this may not be him, but was able to look at his FCC call sign page in ULS, [K1DMR \(https://wireless2.fcc.gov/UlsApp/UlsSearch/license.jsp?licKey=3653425\)](https://wireless2.fcc.gov/UlsApp/UlsSearch/license.jsp?licKey=3653425). Now we know he was born in 1963, making him 18 when Regan was sworn in, which is a bit young for a White House advance team agent. In 1985 we can confirm he was on Federal Probation as a youthful offender, so this is not likely and he was not off probation until 1988. This would make his stated 14 years of service highly improbable. He stated in his filing to seal the court records in 1996 that he was unable to get a job as a federal law enforcement officer. This would make his claims even harder to believe.

Upon closer inspection, most of what he's listed on his resume is nothing more than volunteer positions. CERT, ARES Emergency Coordinator, U.S. Coast Guard Auxiliary, Emergency Management Institute, FCC License holder, etc. Some are simply hard to believe, such as his claim of being a Founding Member of the U.S. Department of Homeland Security. If anything I'd ask why a person with all these qualification, multiple graduate degrees, and business experience is working as a commercial two-way dealer; it doesn't add up.

I'd encourage everyone to review his federal conviction and case files. The finding of the psychiatrist who evaluated him was

"[Ken's] sense of reality might. be impaired and that [he] suffered from a possible psychosis."

and

has "a possible personality disorder and a fantasy life which is: "**CLEARLY MORE ACTIVE THAN HIS SOCIAL LIFE.**"

Based on my limited interaction with him, I think he may in need of further help.
